

GR 4 General Purpose Graffiti Remover

General Purpose Graffiti remover is a fast acting, mild, biodegradable easy to use liquid graffiti remover for interior surfaces. It safely penetrates and loosens graffiti and makes it easy to remove.

It is specifically formulated for use on white boards, desks, cupboards, filing cabinets, fire box cabinets, lockers, walls and more, for the removal of crayon, white out, permanent marker, inks and pencil.

Interior Graffiti removal process:

- 1: Put on your protective clothing, safety goggles and gloves
- 2: Check the surface for excess dirt: The surface does not have to be perfectly clean but if there is substantial dirt it may impede the penetration process and should be cleaned off before removing the graffiti.
- 3: Test a small hidden area prior to full application
- 4: **Wash down the surface first with water using a rag or sprayer if necessary**
- 5: Shake the product thoroughly to activate it and pour required amount of product onto another rag, sponge or triple 000 wire wool and dab liberally onto the graffiti. (you can also use a chemical resistant sprayer)
- 6: Let the product activate on the surface for about 60 seconds, then agitate with a rag, sponge or triple 000 wire wool.
- 7: Wipe off with clean cloth or rinse with water and wipe dry.
- 8: repeat steps 4-7 if necessary

Equipment needed

- 1: GR 4 General Purpose Graffiti remover
- 2: Safety equipment (chemical resistant gloves, goggles etc)
- 3: Supply of water
- 4: Rags, sponges, triple 000 wire wool, sprayer

Wash all equipment used after job for re-use:

Results and benefits

General Purpose Graffiti remover can dramatically reduce the time it takes to remove graffiti, with no damage to the underlying surface. It works within minutes and with a single application and saves our customers significant time and labour without the need to replace equipment or repair surfaces that have been damaged by using inappropriate removal products.

Coverage

Varies dependent upon type of surface material 0.2 - 0.5 litre/m²
Wipes 0.1 - 0.3 litre/m²
